Campfire Permits

The only open burning allowed by Michigan State Law in Waterford are campfires. A campfire is a small fire used for recreational purposes and must be attended at all times. Prior to any campfire, a campfire permit must be obtained from the Waterford Fire Department. Anyone burning outside of the rules or without a permit may be issued a citation.

Campfire permits are renewed yearly and are valid as long as you reside at the address listed on the permit. A valid state picture ID must be presented at the time the permit is issued which reflects the property address.

These are residential campfire permits, valid only for single or double residential properties. For detailed information about this program go to the Waterford Township web site.
